Skydiving.com Huntsville has the options you desire!

Tandem Skydiving Experience

For the inexperienced, Tandem Skydiving provides the thrill of flight in the safest manor. You will be partnered with an FAA certified trainer who knows how to provide an exhilarating, fantastic experience. First the two of you will dive from over two miles high freefalling for about 45 seconds before your instructor pulls the rip cord for the parachute. Then you will encounter about eight minutes gliding through the air. As you gracefully float down you will see the City of Huntsville and the hills, lakes and green countryside surrounding the city.

Advanced Training

If you have the desire to pursue the sport of solo skydiving our team at Skydiving.com Huntsville can provide the support and training. We offer two courses in skydiving: Accelerated Freefall (AFF) and Tandem Progression. We will help you determine when you have the knowledge and skills to take your first solo dive and later the abilities to jump with a group of divers. Skydiving is an incredible experience equal to none. It is the singular event which you will remember for the rest of your life. Come realize your dreams with Skydiving.com Huntsville.

Video Package

You can relive and share the experience with friends and family with Skydiving Huntsville with your own video. Choose from our several packages including the Go-Pro option which allows a

continuous personal close-up view of soaring through the sky and floating to the ground. The recording is social media friendly meaning you can share the experience all over the internet or on your favorite website. Be the envy of your friends by living to tell and show your death defying encounter with the sky and the distinct sensation of flying.
